What to Expect

Our basic needs begin with cooking duties that include cooking over a flat grill for pancakes, frying pans for sausage and eggs. A distribution point requires the volunteers to pull each of the food items together into calm shell type to-go boxes along with juice boxes, prepackaged utensils etc. Several support rolls for these stations are also available. Children are allowed to help in support long as they are supervised by an adult.

Additional volunteers allow for help with filling out provided birthday cards and Christmas cards. The additional help also gives us the opportunity for kids to draw.

And most importantly, the additional help allows volunteers comfortable with praying with those looking for a hot meal and prayer to do so.
